## NEAL BANK CLOSES

### Leading Atlanta Institution Is Forced to Suspend.

### NOW IN EXAMINER'S HANDS

**Immediate Cause of the Closing Was an Unexpected Run Which Was Made on the Bank Saturday by Depositors.**

Atlanta, Ga., Dec. 24.—The Neal bank, for 20 years one of the leading banking institutions in Atlanta, at one minute after 12 o'clock Monday morning was placed by three of its directors, as required by law, in the hands of the state bank examiner.

The following notice was placed upon the doors of the bank:

"This bank is in the hands of state bank examiner. E. H. Thornton, W. F. Manry, H. C. Caldwell, directors."

This action was taken after an investigation into the affairs of the bank by the Atlanta Clearing House association and a recommendation by the association, that this course to be followed.

The imediate cause of the closing of the Neal bank was an unexpected run made on the bank Saturday morning, the result in the opinion of its officers, of rumors which had been circulated for some time as to the solvency of the institution. The bank, however, did not close its doors on Saturday morning but continued to honor all demands until the closing hour, 12 o'clock.

It was then discovered by the officers that the run of the morning had so depleted the supply of cash, that it was determined to ask the clearing house association, of which the bank is a member, to take charge of its books and make a thorough investigation of its condition. Having decided to do this, the bank did not receive savings deposits Saturday afternoon as usual, but closed all the doors.

It was the intention of the clearing house banks to assist the Neal bank, but it was found that the assets of the distressed bank consisted in large part of investment and loans which were not of a readily convertible or liquid charcater, and, therefore, unbankable, and the conclusion was reached that the clearing house could not render the assistance which the necessities of the situation required. It was, therefore, recommended that the bank place its affairs in the hands of the state authorities, and this was done.

### TIGHT "LID" RIVETED.

**Police of Chicago Must Rigidly Enforce Sunday Saloon Law.**

Chicago, Dec. 24.—Through its president, Arthur Burrage Farwell, the Chicago Law and Order League, has begun issuing what he calls "general orders" to the police of Chicago commanding them to enforce the state law against the Sunday saloon.

Mr. Farwell tells the policemen in the general order that he and his fellowmen of the league shall insist that each policeman on the city pay roll do his full duty by arresting, or causing to be arrested, the saloonkeeper who violates the state laws.

Coupled with the demand is a broad intimation in the circular that all patrolmen who fail to arrest the operators of Sunday bar rooms may expect to face the trial board or some other trustee for "palpable omission of duty" with the penalty of a fine or removal from the service.

A slap is taken at the mayor in the statement in reference to him that the closing of the Sunday salcon is a "course required by statute and imposed on him by law."

**Dies of Hydrophobia.**

Chicago, Dec. 24.—David Marshall, of Florence, Ky., died here Monday of hydrophobia. Marshall and Calvin Rice, also a resident of Florence, were bitten by a mongrel dog, and a few days later both showed symptoms

### NOVEL TREATMENT.

**Shopping as a Contributory Means of Treating Insanity.**

Chicago, Dec. 24.—A dispatch to the Tribune from St. Louis, Mo., says:

Shopping as a contributory means of treating insanity is in progress at the St. Louis insane asylum.

Sixty women patients, suffering with milder forms of mental diseases, are taking this novel course of treatment in the department stores during the busy yule tide.

One party of twenty women spent the greater part of Monday in the stores enjoying the outing, purchasing souvenirs for friends and forgetting for the time the discipline of the asylum.

These journeys back into the world of the department stores and the activities which all women enjoy began last Thursday. Two attendants were in charge of the shoppers. Their uniforms were left behind and they abandoned as much as possible all evidences of authority.

Dr. Henry S. Atkins, superintendent of the asylum, said that such recreations as those afforded by a day in the stores are a valuable part of the treatment for the insane. Just as normal persons are better merry than moody, so he says, his charges are improved by anything that pleasantly occupies their minds while not at the same time exciting nerves.

### FROM AFFLUENCE TO POVERTY.

**Stewart Hyde, Once Wealthy, Now Inmate of Poor Farm.**

New York, Dec. 24—Stewart Hyde, once wealthy, is an inmate of the Hempstead poor farm on Long Island.

In ten years Hyde has squandered $250,000, and after an unsuccessful attempt to make a living as stable boy around the race tracks, he was forced to ask admission to the poor farm.

Fourteen years ago Hyde's father died and left $100,000. Other relatives gave him another $150,000.

He spent his money like water, and lost a fortune in the attempt to keep a winning stable of trotting horses. When by far the greater part of his money was gone, he tried to recoup his losses by betting on the races, only to see everything disappear.

Finally he was reduced to seeking work as a stable boy. While employed at the race track last summer a valuable race horse disappeared and was traced to Brooklyn, where Hyde had sold it for a small sum. He was never prosecuted, for the owner of the horse had been a friend of Hyde's father. Now, broken in health as well as pocket, he has sought rest at the poor farm.

### RIOT IN MEXICAN VILLAGE.

**Stormed Prison and Released Priest Who Had Been Arrested.**

Mexico City, Dec. 24.—Riots were in progress all day Sunday at Sihuatian, a village near Guadalajara.

These riots resulted from the arrest of a priest on a charge of fighting a townsman. The priests and nuns called upon the townspeople to avenge this insult to the priest. Several hundred women and boys, armed with clubs and a few revolvers, attacked the town lock-up and released the padre.

The priests have fled to the country, fearing they will be punished.

The nuns, known as Sisters of Mercy, took a prominent part in the disorders. The disturbance was finally quelled by the police.

**Charged with Robbing Mails.**

Albany, Ga., Dec. 24—R. C. Smith, a negro mail carrier, was arrested on Thursday evening by Inspectors R. C. Bannerman and C. E. Webster, charged with robbing the mails. He was locked up on a state warrant. United States Commissioner R. J. Bacon being absent from the city. Smith is the first Albany carrier to get into trouble with the government.

### ONE KILLED, THREE INJURED.

**Double-Headed Southern Train Runs Into an Open Switch.**

Tallapoosa, Ga., Dec. 24.—Southern train No. 23, which left Atlanta Sunday afternoon at 4:10 o'clock, with two engines pulling the long train, ran into an open switch at this place Sunday evening with the result that the engineer was killed and three persons were injured.

The dead:

Engineer Sam Downy, of Birmingham.

The injured were Engineer Joe Lane and Fireman John Williams.

A passenger, W. J. Wyatt, of West Point, Miss., was also slightly injured.

Both engines were turned over and the mail car was also derailed. The switch had evidently been tampered with. It took about an hour to clear the track after the arrival of the work train.

About six months ago a similar case occurred, at which time Southern train No. 25 was turned over, and an investigation showed that the switch had been tampered with by boys who had formed a plan to rob the express car. The present wreck is thought to have had a similar origination.

The train was a double-header, owing to the unusually large number of passenger coaches crowded with homecomers for the holidays.

Engineer Downey was at the throttle of the first engine and Lane was at the second.

### DESERTING THE SHIP.

**It Is Said Tide Is Turning Against the Harriman Interests.**

Chicago, Dec. 24.—An announcement that was confidently interpreted as an indication of the turning of the tide against E. H. Harriman in the Illinois Central fight, was given out by the Fish interest Sunday.

It was that proxies for large blocks of stock have been received by Fish from three Wall street firms of brokers who hitherto have been counted as among the Harriman alliances. The firms are John A. Davis & Co., Clark & Dodge and Van Hoffman & Co.

Mr. Fish was informed in a letter from one of these firms that other interests now linked with Harriman are about to desert to the Fish faction.

"It's a case of Wall street turning against Harriman," said Maxwell Edgar, one of Fish's local representatives, in giving out the announcement. "The brokers are beginning to desert the ship."

Fish is now promising that if he wins his fight he will reorganize Illinois Central on a basis of home rule, and come to Chicago to reside. In addition he announces a program for divorcing the management of the road from New York. He would elect three Chicago men directors at once and three more next year.

### CHRISTMAS AND ROYALTY.

**Thirteen Christmas Trees in Potsdam Palace for Imperial Family.**

Berlin, Dec. 24—Thirteen Christmas trees stand in the new palace at Potsdam for the members of the imperial family. There are two large trees in the center with five smaller ones on the one side and six on the other, diminishing in size according to the ages of the children for whom they are intended.

The two large trees are for the emperor and empress, and the others for their six sons and the wives of Crown Prince Frederick William and Prince Eitel and the children of the crown prince.

The emperor's Christmas program begins after luncheon Tuesday, when he will walk through the grand park sans souci with several hundred marks in coin freshly minted in his pocket, bestowing five or ten or twenty-mark pieces upon poor persons whom he may meet.

**Shah Swears on the Koran.**

Teheran, Dec. 24.—The shah has yielded in the struggle between him and parliament. Sunday he signed and sealed a declaration on the koran accepting the demands of the constitutionalists, which include the punishment of the leaders in the riots and the dissolution of the court clique. This declaration he sent to the assem-

### MAKING TOUR OF GLOBE.

**Tourist Carries Unique Book Containing Signatures in Many Languages.**

Gadsden, Ala., Dec. 24.—A globe trotter, Henry Mosse, a native of Athens, Greece, arrived here Sunday on his tour of the world, which he is making on a wager. He has only six months in which to finish the interesting trip, and is confident he will win out. He has been arrested often and has suffered many hardships on his long journey.

Mosses' home is at Lyons, France, and he is a member of the Touring club of France. The condition of the wager is that the first man in the contest who returns to Lyons after his trip will receive the prize of $10,000 that was put up three years ago by the Sportsman's club of London and the Touring club of France. Both clubs had four representatives when the contest began, but now only two are left, one an Englishman, now in East India, and Mr. Mosse. Three of the contestants died in Australia; two were murdered in Abyssinia, and one was killed in China.

Mosse carries a unique book with him in which is written the name of each place he has visited, together with the signatures of natives of each of the respective places. The book contains signatures in almost every language of the world.

### NINE FIREMEN INJURED.

**Damage to Extent of $250,000 Done by Fire at Wilkesbarre, Pa.**

Wilkesbarre, Pa., Dec. 24.—Nine firemen were injured and damage to the extent of $250,000 was done by a fire which originated in the Globe dry goods store of Langford Bros. Sunday.

Two of the firemen were overcome by smoke, two others were seriously cut by flying glass and five were burned about the hands and face.

The contents of the building, a five-story brick structure, were completely destroyed. The estimated loss to Langford Bros. is $200,000. The loss on the building, which was owned by the Bernard Bergunder estate, is about $50,000.

Structures adjoining the burned buildings on either side were slightly damaged. None of the firemen are fatally hurt.

It is thought that the fire originated from a defective electric light switchboard located in the basement of the Globe store.

### FLAMES RAGE AT FT. SMITH.

**Damage Amounts to $175,000—Two Are Missing.**

Fort Smith, Ark., Dec. 24.—Fire early Sunday destroyed the Haglin office building, the American National and two other buildings. The damage is estimated at $175,000.

J. A. McVitty, a cotton buyer, and a man named Kauffman, who slept in the Haglin building, are missing, and it is believed they have perished.

**Captain Found Dead in Cabin.**

Wilmington, N. C., Dec. 24.—Captain Lake, 45 years of age, master of the British steamer Hillmere, which cleared Saturday for Bremen with a cargo of cotton, was found dead in his cabin Sunday as the vessel was passing down the river on her way to sea. Captain Lake had been suffering with acute nervousness for several days before leaving here, and it is believed that either by mistake or design, he took carbolic acid in sufficient quantity to cause his death. Captain Lake was a native of Liverpool.

### MORE BODIES RECOVERE[illegible]

**Up to Monday Evening One Hundre[illegible] Had Been Taken from the Mine Great Agony Was Pictured on th[illegible] Faces of the Dead.**

Jacobs Creek, Pa., Dec. 24.—Six more bodies were taken from the Darr mine Monday, making a total to date of 39. Many others are known to be entombed. By nightfall the debris will be covered, it is said, will be cleared to a hundred bodies.

The condition of the [illegible] brought to the surface Sunday was good, with the exception of the agony pictured on their faces; no mutilation was evident.

Rescuers state that a number of the men were found on their knees showing that they were praying when the black damp caused death.

### JETTIES ALMOST COMPLETED.

**One of the Greatest Channel-Making Undertakings in America.**

New Orleans, Dec. 24.—One of the greatest channel-making undertakings in the history of American river improvement will be brought nearly to completion this week, when the jetties at the mouth of the Southwest Pass of the Mississippi river are finished. These jetties, after some dredging between them is completed, will give the south one of the deepest harbors in the world by opening to the access of the largest ships afloat in the 100 and 200 foot depths of the lower Mississippi river.

The harbor, thus made possible, has navigable water connecting with at least a dozen states bordering on the Mississippi and its tributaries, the Ohio, Missouri, Arkansas, Red rivers. About $6,000,000 has been expended on this improvement by the United States government, which has the work in charge.

### FIRE IN COAL MINE.

**One Hundred Miners Narrowly Escaped Cremation.**

Pittsburg, Pa., Dec. 24.—Fifty one hundred men narrowly escaped cremation in the Schoekberger coal mine at Bair Station, thirty miles from this place, when fire broke out in the mine Sunday, became known to the men.

There are, generally, four hundred men employed in the mine, but recently the force was reduced.

Fortunately, the fire was not accompanied by an explosion or the mine disaster would have resulted in the vicinity.

The fire occurred suddenly from electric sparks, it is believed, and spread with great rapidity. Fifty hundred men were compelled to fight for their lives. All night a brigade fought the flames, absolutely no progress was made.

Monday preparations were made to flood the mines. The loss will be heavy.

# POSTOFFICE BUSINESS IS ON THE INCREASE

**Increase of Twenty Per Cent Or More Shown Over Last Year.**

**MEANS A BUSINESS THING**

**The People Are in Better Financial Condition, and Are Able to Send More Presents Than a Year Ago. The Increase is General.**

As the best evidence that the people of this section are prospering, it may be stated that the increase in the postoffice work has increased at least twenty per cent over the year before, which is evidence that there is at least "something doing" in the postoffice.

This increase is due largely, in fact wholly, to the prosperity of the country, as it demonstrates the fact that the people have money, and are sending to their friends and relatives more remembrances of the Christmas times. While it is not known, it is assumed that the same increase has been made in the business of the express company, as the people have the money this year to buy the goods.

At any rate, there has been a great increase in the mail service, and this is attributed to better times.

### TO OBSERVE HOLIDAY.

**Postoffice Will be Open Today Only from 2 to 3 O'Clock.**

In accordance with the general order which comes from the National Government at Washington, the postoffice today will be open only from 2 to 3 o'clock, at which time patrons of the general delivery will be served.

This is a rule which is observed every year. While the hours for delivery at the general window are set by the Government, Postmaster Lynch, after consultation with Mrs. Rosa Waters and Mrs. W. T. Zetrouer, decided to change the same for the convenience of the public, owing to the schedule of the trains. If the Government hours were to be observed patrons of the general delivery would not be enabled to get their mail until the following day; but with consideration for this class, and for the general accommodation of the public, it was decided to make the hours as stated above.

### Paul Brown at Miami.

A post-card received from E. Paul Brown, one of the efficient clerks in the United States land office, bears information that he is now enjoying a short stay in Miami. He expects soon, however, to proceed to Havana and other points in Cuba, and may include in his itinerary Nassau, as he is deeply interested in that point. Mr. Brown is studying Spanish, and goes to Havana in order to become more closely in touch with the language.

### TWENTIETH CENTURY CLUB.

**Delightful Afternoon Held at Home of Mrs. Jackman Monday.**

One of the most interesting meetings of the Twentieth Century Club was held at the home of Mrs. Jackman, Monday afternoon, December 16th.

The meeting was called to order by the president and quite a number of ladies responded to roll-call. After the routine business of the club was transacted, Mrs. W. S. Dorsey, the leader for the afternoon, was introduced. The club always expects something good when Mrs. Dorsey presides, and as usual we were not disappointed when she lead us in "An Afternoon with Shakespeare." There were two particularly interesting papers read—one by Mrs. W. S. Dorsey, and written by Mrs. J. A. Cranford of Jacksonville on the "Life of Shakespeare;" the other read by Mrs. L. C. Lynch on the "Revival of the Drama," written by Mrs. Frank White of Jacksonville.

The club feels that they owe Mrs. Dorsey a special vote of thanks for securing for us these two papers from our sister club of Jacksonville.

After the reading of the papers, short readings from Julius Caesar by each member present, as planned by the board of directors, the whole concluded by the ten questions upon the study of the afternoon. The program was carried out in full, and showed that the ladies are much interested in the study for the year.

The club adjourned to meet with Mrs. W. S. Johnston on December 30, when the afternoon will be devoted to civics. PRESS REPORTER.

The children of the Sunday school are requested to meet at Seminary hall, East Main street N., on Friday afternoon at 3 o'clock, when a rehearsal will be held.

### Christmas Services at Holy Trinity.

Both Mr. and Mrs. Futch are very royal, and the occasion will no doubt be one of splendor, especially since they will hold the function in their new home.

Among the visitors to Gainesville Tuesday was J. C. Hague of Trenton, one of the best citizens of that section. While here he made this office an agreeable call, leaving a dollar with the editor for a year's subscription to Alachua county's luminary. Together with some friends, he was out bird hunting when the party came upon the fox, and a lively chase ensued, resulting finally in the "rounding-up" of the animal.

# OUR WASHINGTON NEWS LETTER

## President Asks For More Personal Supervision of Appointments.

### BY HIS POSTMASTER-GENERAL

### Democrats Much Encouraged by President Roosevelt's Refusal to Accept Another Term—Suggestions As to Who May be Bryan's Running Mate.

Special Correspondence The Daily Sun.

Washington, D. C., Dec. 24.—The sensation of the week in Washington has been the intimation of President Roosevelt to his Postmaster-General that a more personal supervision of Federal appointments under his department is not only eminently desirable but will be much appreciated by the Chief Executive, followed by the public statement of the Secretary of the Treasury in which he parades his wounded feelings and assures a long suffering public that his efforts in his capacity as Secretary of the Treasury and as Postmaster-General have been wholly disinterested and exerted solely for the welfare of the country. To make such a statement was the perfectly obvious thing for Mr. Cortelyou to do, and it is the general concensus of opinion among politicians that, while he denies everything, he leaves much open for inference, and his next move is waited with much interest by men in both parties.

---

Signs are not lacking that the Democrats in the House are much encouraged by the political outlook and it is expected that they will make a vigorous campaign this winter to lay the financial difficulties in the country at the door of the Republican party, where they undoubtedly belong. And if the Democratic Senators succeed in their efforts they will precipitate a Congressional investigation of the recent financial stringency, in lieu of the informed inquiry into the subject now being prosecuted by members of the committee of finance, the suggestion of the wily chairman, Aldrich, at the first meeting of the committee this season. A resolution has already been submitted in the Senate providing for such an official investigation, and asking for its immediate consideration. The expectation is that an aggressive fight will be made also against the present tariff by the minority in the House, and John Sharp Williams has already introduced a number of resolutions to amend the Dingley tariff on specific articles.

The opinion is expressed on many sides that the positive withdrawal of Mr. Roosevelt as a Republican candidate will help the Democratic party in the coming campaign. The prominence of Mr. Bryan continues. He stands in the forefront of Democrats, and his followers still exhibit the fervor of enthusiasm that has marked their conduct throughout two disasters. It is useless to deny that there is much opposition to Bryan, and the opinion is often heard that unless the Democrats get together and settle their difference the antagonism to Bryan on the part of a few leaders of the party will have its effect. By some of those who are convinced that Mr. Bryan is the choice of the party as leader, former Governor Aycock of North Carolina has been suggested as a compromise on the Democratic ticket on the ground that he would be satisfactory to a majority of the people of the South and would add strength to the ticket. Governor Aycock, who is in Washington, is an ardent supporter of Mr. Bryan and believes that he will be a strong position for the nomination.

of the National Rivers and Harbors Congress, which met recently in Washington, shall be allowed to lapse, so far at least as the officers of that congress are concerned, as they have planned a campaign of eduaction, according to President Ransdell, which will be prosecuted in every State that has an interest in improved waterways. The plan is to raise a fund of $2,000 in each State that will be concerned to pay the expenses of speakers who will explain, with illustrated lectures and otherwise, the benefits to be had from an improvement of water transportation, so that members of Congress will be made to appreciate the interest people generally take in this matter. It is the purpose of the congress to hold a convention in Washington every year until Congress shall take action looking to extensive improvement of the waterways of the country.

A recent poll of New York Republicans shows that Governor Hughes is the strongest man in that State, but it also shows that the Hughes strength is largely made up of men who are inimical to President Roosevelt's policies or who are actuated by a personal hatred for the President. A remarkable showing of strength on the part of Secretary Cortelyou is also shown. The friends of Mr. Hughes are asking whether the publication is going to prove of value to Mr. Hughes or the reverse, while the Cortelyou strength is largely discounted by the fact that he is the bankers' candidate. The popularity of Lieutenant-Governor Chanler is not likely to be lost sight of, and it is entirely likely that the convention will conclude to give him the second place on the ticket. In view of the disorganized condition of the New York Republicans it is by no means unlikely that "Bryan and Chanler" could carry the State.

### Marriage at Waldo.

Information reached this city Tuesday of the marriage of Mr. T. C. Sherhouse and Miss Clara Burnsed, which occurred at the home of the bride's parents, Mr. and Mrs. James Burnsed, Waldo, Tuesday morning.

The contracting parties are well known and popular young people, and the information of their marriage will probably be received with a great deal of interest by their friends, as it will probably come as a surprise. However, everyone who knows them will wish them much happiness.

### WHERE THERE'S NO CHRISTMAS.

#### A Spot in the Middle Pacific Where December 25 Exists Not.

The Christmas hater may be made happy. He can have his wish, and "go somewhere where there isn't any Christmas." He will not have to die to do it, either, but he will have to be a good sailor in order to fully enjoy his paradise, which is not on earth. It is on water. Let him start on his search from Vancouver, B. C., on December 18, in the direction of the Orient. As the days pass and he comes nearer and nearer the 25th of the month he may begin to feel uneasy and think himself the victim of a joke. Even as late as bedtime on December 24 he may feel resentful over what he fears is a wild-goose sail. He may fall asleep thinking of the disagreeable things he will do next day just because it will be Christmas, but he will be disappointed, for when he wakes in the morning he will find it the 26th of December. The 25th is not and has not been. It seems to have passed in the night. It is gone completely—but where? An experienced navigator explains the lapse thus:

"In just about the middle of the Pacific ocean is the one hundred and eigntieth degree of longitude, and when that imaginary line is reached the westward traveler drops one day out of his calendar for the year. That line crosses the antipodes, or point on the earth's surface which is precisely opposite to Greenwich England, the place at which, by common consent of all nations, the counting of time begins. At noonday, when the sun is directly overhead at Greenwich, at other points to the westward the time will be earlier by one hour for each 15 degrees of longitude, so that when 190 degrees is reached it will be midnight.

"Twelve hours have thus been gained, and the other twelve would be added if the journey around the globe were completed. So by universal agreement the 25th of December would be dropped by all navigators reaching the fatal line on the previous day, and travelers would be cheated out of their Christmas at the only place on the earth's surface where such a thing could happen."—Montreal Star.

### A Home Made Happy by Chamberlain's Cough Remedy.

About two months ago our baby girl had measles which settled on her lungs and at last resulted in a severe attack of bronchitis. We had two doctors but no relief was obtained. Everybody thought she would die. I went to eight different stores to find a certain remedy which had been recommended to me and failed to get it, when one of the storekeepers insisted that I try Chamberlain's Cough Remedy. I did so and our baby is alive and well today.—Geo. W. Spencer, Holly Springs, N. C. For sale by all druggists.

There will be a big family Christmas dinner at the elegant new McCormick home today, and it goes without saying that the occasion will be an enjoyable one.

The guests of the Royal Palm at Fort Myers will find a much appreciated addition this year in the way of a large bathing pool. The pool will be 60x80 feet and will be filled with strong sulphur water.

The Edge Lumber Company has purchased about 8,000 acres of timber near the town of Eau Gallie, and will erect a saw and planing mill there at once. The mill, it is thought, will be in operation in the next sixty days.

A dozen powerful locomotives are en route for the Florida East Coast Railway and will be put in commission this season. The new locomotives will greatly aid in hauling the heavy through tourist trains from Jacksonville to Miami.

A reward of $250 has been offered for the arrest of the negro, Henry Hudson, who shot and killed Deputy Sheriff W. P. Edwards recently. The reward will be paid for the negro to the sheriff of Volusia county of the prisoner at any jail in the state.

H. M. Flagler is now on a tour of inspection of the East Coast extension work. Mr. Flagler has just recovered from his recent illness in New York, and upon his return from the extension work will spend the remainder of the winter in St. Augustine.

Hester Wilder, a negro woman, has been awarded damages in the sum of $5,500 against the city of Jacksonville. The woman is the widow of Ben. Wilder who was killed in Jacksonville last April by coming in contact with a live electric wire which was on the ground, the current in which was supplied from the city plant.

Walking into Lynn's saloon on King street in Miami the other night, James B. Halburt sank into a chair and expired. Death was attributed to heart failure. He was a section foreman on the Florida East Coast railway. His condition was noticed by others in the saloon and a physician summoned at once, but all efforts to restore life were futile.

An unknown negro, evidently a railroad flagman, was shot and killed by William Farrell, a hostler at the L & N. shops in Pensacola. The coroner's jury rendered a verdict of justifiable homicide and Farrell was released. The body of the negro was turned over to the undertaker, but has not been identified yet. Farrell was attacked on his engine by the negro and knocked down, later securing his pistol and killing the negro.

Several influential men in Orlando have organized a stock company known as the Orlando Farm and Stock Company. This company has bought a large tract of land just out of the city and laid the same off in five-acre farms. These farms are for sale at from three to five hundred dollars each and will be sold on easy terms. This land is very rich and is in a desirable location. It is undoubtedly a move in the right direction to induce many families to locate and thereby settle their section with a good class of citizens.

Catching an unusually large and fierce chicken hawk and killing it with her own hands was the feat of a Spanish lady who resides on Seventh avenue, Tampa Heights, Thursday afternoon. However, she received a severe bite from the bird, and several painful scratches. For several days chickens had been missed from the yard and this led to a sharp watch being kept up for possible thieves. At length it was found that the hawk was the guilty party. But the hawk's own prowess was the cause of his downfall. Not contenting himself with chickens the hawk attacked five canaries caged on a porch, and it was their frightened chirps that attracted the attention of the lady of the house. The hawk was just about to pull one of the canaries through the bars of the cage when the lady seized it and wrung its neck.

**Two Good Teams Will be Lined Up, and Great Game is Expected.**

There will be "something doing" at the baseball park this afternoon, when the town and High School football teams line-up for the championship of the season. Both teams are in good condition, hence it is merely a question of who will win out at this game. Both teams are confident, and friends are very doubtful of the outcome.

The game will be called at 3 o'clock, and it is hoped and believed that a good crowd will be present. The game will be friendly but hard-pressed throughout, and promises to be one of the best ever seen on a local field.

**1,000,000 Pieces of Mail Matter Handled Daily in New York.**

New York, Dec. 24.—The big Christmas rush has begun at the New York post office, and while it does not now look as if there would be a great increase this year in the amount of mail matter handled, the figures for 1906 will certainly be equaled.

Fully 1,000,000 pieces of mail are being handled daily, and the entire post office force, in addition to a large number of extra clerks, are working night and day to keep up with the steady in-rush of letters and parcels. At the customs appraisers' warehouse every one is equally busy.

The Sun's Washington correspondent says Comptroller Ridgeley has made his annual report to Congress, and in it he makes the recommendation that he has made for five successive years for the establishment of a central National bank under Government control. There has been a deal of talk about currency reform, sometimes by people who know nothing about it and sometimes by those who did and had axes to grind. Many of the plans of reform suggested have been nebulous and some have been chimerical. But the plan suggested by the Comptroller is for straight-out reform lines that have been tried by other Governments and proved reliable. He advocates a central National bank under Government control that would have supervision and direction of all other National banks and would regulate the issue of notes according to the demand of the country, recalling notes when there was a plethora of money and issuing more in time of demand when it was needed for crop moving and other purposes. This is the plan, with some variations, of the Imperial Bank of Germany, the Bank of England and the Bank of France. The institution has the guarantee of the Government behind it, and there is never any fear of its stability as long as the Government is solvent, and this with the Government of the United States with its immense National resources and growing trade and manufactures would be a long time.

The Comptroller points out that while a temporary expedient like the import of gold at a high premium or the issue of Government bonds and notes may meet a particular emergency, it has no lasting effect. Panic is bound to follow panic till there is some radical measure taken for the insurance of business conditions. The establishment of a Government bank has been recommended for five successive years, but this year there is more cause than ever to consider it seriously. The plan is all ready to hand and Congress can act on it if it will at the present session.

Among the recent bills introduced by Congressman Clark in the House is one to prohibit common carriers of passengers from limiting the time of interstate tickets. If Mr. Clark succeeds in enacting that bill into law, he will abate a veteran nuisance of long standing and receive the thanks of the whole traveling public. By the way, haven't we heard somewhere that the "Interests," the Wicked Corporations, the Dreadful, All-Devouring Octopus and the Hideous Railroad Monsters, were allied on the side of Mr. Clark as a candidate for re-election because he was their "friend" in Congress? This being true what does Mr. Clark mean by seeking to enact legislation directly hostile to an ancient and highly profitable railroad imposition, like the bill in question?—Live Oak Democrat.

Take Hall's Family Pills for constipation.

## SERMONETTES

BY J. MARVIN NICHOLS.

Some people just can't draw the boundary between eccentricity and insanity. Zola, the French novelist, passed whole weeks in the firm conviction that he was an idiot. And yet, while in this state of mind, he wrote his masterpieces. Oliver Wendell Holmes, our own American physician, poet and essayist, was a prince in letters. And yet, as great as he was, he persisted in carrying a potato in one pocket and a horse chestnut in the other to keep off rheumatism.

---

Real and absolute love is unconditional. It is utterly blind—it cannot be conscious of reasons why one should be untrue. It believes and trusts in spite of doubts and fears. The fact is, these very things fan the flames into a consuming flame. The eidelweiss is an Alpine plant that grows the more beautiful when blossomed in eternal snows and nursed by the mountain storms. There is one kind of love, and then there is another kind—that sort that is strongest when everything would win it from the object of its devotion.

---

It is easy for human hearts to love when in an atmosphere of devotion. Life's one great battle, though, is to love an object that deliberately eludes you. Destiny, in the fashioning of one's own history, moves with geometrical precision. Nor can one swerve from that appointed orbit—else he becomes a wandering star. If two perfectly symmetrical circles ever touch they must some time touch again. Here are two perfectly symmetrical lives. If once they touch, with the same fathematical precision it is certain that these two lives must touch again. They may drift far apart now—oh, the tragedy in it all! For weeks and months—all alike ages seeming—they may drift on and on. But if they be perfectly symmetrical lives, once they touch they must touch again, somewhen.

Bank clearings have fallen off more than one thousand million dollars during the past week, and yet the Republican declare that protection produces prosperity.

---

If the Government does decide to finance the National campaign, it may make them a little more economical of campaign oratory. And that would help some.

---

The Republican nomination for President is degenerating into a free-for-all, with all the old political hacks entering for the race.

---

More land frauds have come to light, but the Republican leaders are too busy letting well enough alone to attend to such small matters.

---

The Democratic State Committee of Delaware have unanimously endorsed Judge Gray of that State as their choice for President.

At the station to meet the secretary were a number of the officials of the war and other departments, who gave him a hearty welcome. Secretary Taft in reply expressed his great pleasure at reaching home again. When Secretary Taft alighted from the train his friends in official life and a number of newspaper men gathered around him and an impromptu reception occurred. Mrs. Taft and Miss Helen Taft remained in New York city, where they will be the guests of the secretary's brother, Henry W. Taft, for several days. Among those at the station to meet the secretary were Assistant Secretary of War General Oliver, Beekham Winthrop, assistant secretary of the treasury; Huntington Wilson, third assistant secretary of state, and Quartermaster General of the Army Aleshire.

Columbia, S. C., Dec. 23.—On the 20th day of December, 1860, just forty-seven years ago, South Carolina seceded from the union and precipitated the war between the sections. The ordinance of secession was passed in Charleston and signed on the 20th of December, forty-seven years ago, and of the 170 delegates who that night affixed their signatures to the now historic document, only three are at this day living.

## SHORT IN HIS ACCOUNTS.

**State Manager of an Insurance Company Disappears.**

New Orleans, La., Dec. 23.—Gresham Ennis, state manager of the North River Insurance company, of New York, with headquarters here, has disappeared and the findings of an auditor sent here from New York show that he was short in his accounts.

Representatives of the company in New Orleans decline to state how much the shortage will amount to, but it is said to have been about $7,000. Ennis was prominent in local club and social circles and was a leader in a number of carnival organizations. He came to New Orleans from New York.

The bridges are being built by Henry [illegible], and runs from the Kanawha coal fields to the ocean [illegible]. It is said cessation of work for some time ago was caused by the stringency in the money market in some quarters.

**Working for Foraker.**

Montgomery, Ala., Dec. 23.—In calling a meeting for January 1, local negroes are covering the city with placards calling for an effort for Foraker for president. The cards carry his picture with "Our choice for 1908" under it. It is said Alabama negroes are very much opposed to Taft, and are fighting for the Ohio man. ## SOME FINE TURKEYS.

**Mr. T. R. Pickett Made Fine Presentation to Odd Fellows' Home.**

One of the finest and most valuable presentations ever made to the Odd Fellows' Home has been presented by T. R. Pickett, who is grateful to the Home for what has been done for him within the past few weeks. Mr. Pickett went to the Home in a most serious condition, the physicians intimating to him that he was in a condition a little short of serious.

Mr. Pickett survived his operation, however, and was so grateful that when he returned to his home he was so greatly improved that he decided to make the Home a present of two fine turkeys, which it is needless to add will be enjoyed.

Mrs. Bradley, the new superintendent of the Home, is a fine nurse, and manifests a great deal of interest in what is going on there. She looks after the institution in a manner which is creditable, notwithstanding that she is only responsible for the conduct and action of her nurses in an inferior capacity.

## THE ELKS' SOCIAL.

**Entertainment Which Was to Have Been Held Friday Postponed.**

The social session of Gainesville Lodge No. 990, which has been anticipated for the holidays, has been postponed until after the first of the year, as those most deeply interested in the function have been too busy to devote their time to these socials. The Elks are good people, but at this season of the year have not the time to attend to arranging these social matters.

The entertainment will be held shortly after New Year, however, and a good time all round is assured.

### The New Sporting Annual.

That greatest of standard authorities, "The Police Gazette Sporting Annual," published by Richard K. Fox, Franklyn Square, New York, has just been issued for 1908, and the many new records have increased its size but not its price. It contains records of baseball, bicycling, trotting, jumping, football, racing, aquatics, and all athletic sports. The main feature of the book, however, is the pugilistic records, and many pages are devoted to that popular branch of sport. This great book is made doubly attractive by its high-class illustrations and photos of the champions. It is authentic and reliable, and stands today an authority on the subjects upon which it treats. The price is ten cents; postage two cents extra.

### Passed Examination Successfully.

James Donahue, New Britain, Conn., writes: "I tried several kidney remedies, and was treated by our best physicians for diabetes, but did not improve until I took Foley's Kidney Cure. After the second bottle I showed improvement, and five bottles cured me completely. I have since passed a rigid examination for life insurance." Foley's Kidney Cure cures backache and all forms of kidney and bladder trouble. J. W. McCollum & Co.

### Ball Season Will Open Later.

New York, Dec. 24.—It is stated that the National League has decided to respect the wishes of the American league and the baseball season will open next spring several days later than it opened last season. Last year the first eastern scheduled game was played on April 11, but next year it has been announced, the New York team will play Yale on that date, and it is understood that the first league game will be played April 18. The New York team will practice at Marling Spring, Tex., and will play exhibition games with the Dallas and Fort Worth teams.

# THE PERFECT WAY

**Scores of Florida Citizens Have Learned It.**

If you suffer from backache, there is only one way to cure it.

The perfect way is to cure the kidneys.

A bad back means sick kidneys.

Neglect it, urinary troubles follow.

Doan's Kidney Pills are made for kidneys only.

S. B. Lemons, cigar maker, living at 1311 Ashlet street, Tampa, Fla., says: "I used Doan's Kidney Pills and they cured me of backache and disorder of the kidneys. Two or three times on account of the pain in my back I was unable to work for several days. The secretions of the kidneys were in a very bad condition, dark in color, and if allowed to stand would become of the consistency of jelly. I tried various remedies, taking what seemed like gallons of medicine and I also put on plasters, but nothing helped me at all until I got Doan's Kidney Pills upon the advice of a friend of mine, and using them according to directions they cured me in a very short time."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### Wedding Bells at Windsor.

The festive week of Xmas was ushered in to the sound of wedding bells, very unexpectedly to all except parties interested.

After the usual service at Providence church on the twenty-second inst. a wedding party entered to the music of a wedding march, played by Mrs. Howell. Mrs. Sistrunk as lady of honor, Miss Eva Priest of Melrose bridesmaid, and John Torode, Jr., groomsman, Miss Maggie Torode, the lovely Christian daughter of John and Camilla Torode, and Mr. Lucian Nichols, of Leighton, Ala., were united in marriage, Rev. Sistrunk officiating.

The bride was lovely in white organdie, with bouquet of white roses. The groom looked well in a suit of dark gray. After the ceremony and congratulations the bridal party, with guests, returned to the home of John Torode, where an excellent dinner was served.

Mr. and Mrs. Nichols will reside in Windsor, he having purchased the property recently owned by Mr. T. M. King, a fine location.

Many happy New Years to Mr. and Mrs. Nichols is the sincere heart-prayer of many friends. A GUEST.

Windsor, Dec. 24, 1907.

## SENSIBLE HOBBY.

**Well-Known People Devote Spare Time to Upbuilding Health.**

There is no excuse today for any person, unless afflicted with an incurable disease, to remain sickly with the great advance in medical discoveries.

Stomach troubles are scarcely known to those who have physical culture as their hobby.

To those suffering with indigestion and stomach troubles, the discovery of Mi-o-na stomach tablets is a blessing. This treatment strengthens the muscles of the stomach and bowels and cures the worst cases of indigestion and stomach weakness.

J. W. McCollum & Co. show their faith in the curative powers of Mi-o-na by giving a guarantee with every 50-cent box to refund the money unless the remedy does all that is claimed for it. They take the whole risk and Mi-o-na will not cost you a penny unless it cures.

### Stage Children Celebrate Xmas.

New York, Dec. 24.—New York's stage children had their Christmas late Sunday night, and four hundred little ones ate all they could hold and went home with all the toys and other presents they could carry. "Tony" Pastor, as usual, was master of ceremonies. The entertainment opened with a program of songs and recitations by the children in Pastor's theater, which was crowded to the doors with actors and actresses and others closely connected with the stage.

### How Diphtheria Is Contracted.

One often hears the expression, "My child caught a severe cold which developed into diptheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted. For sale by all druggists.

## CRIES OF "LYNCH HIM."

**Crowd Met Negro at Columbus, O., Who Confessed to Assault.**

Columbus, O., Dec. 24.—Cries of "Lynch him!" "Kill him!" greeted the arrival from Dayton Sunday of John Young, the negro who confessed to assaulting Mrs. William B. C. Hershey at her home in this city last Friday.

Young was captured aboard a Big Four train near Dayton Sunday night. Precautions had been taken to keep the arrival of Young here a secret, and the train was stopped at a crossing outside the union station, where a patrol wagon and a squad of officers were waiting to take the prisoner to the police station.

Several hundred men had gathered at the place, however, and the crowd surged around the negro as he alighted from the train, and hostile cries were made, but the police hurried the prisoner away so quickly that no actual violence was attempted.

### When to Go Home.

From The Bluffton (Ind.) Banner: "When tired out, go home. When you want consolation, go home. When you want fun, go home. When you want to show others that you have reformed, go home and let your family get acquainted with the fact. When you want to show yourself at your best go home and do the act there. When you feel like being extra liberal go home and practice on your wife and children first. When you want to shine with extra brilliancy go home and light up the whole household." To which we would add, when you have a bad cold go home and take Chamberlain's Cough Remedy and a quick cure is certain. For sale by all druggists.

### Will Remember Vets in Home.

Montgomery, Ala., Dec. 24.—Every old soldier in the home for confederates at Mountain Creek is to receive a Christmas present from the Sons of Veterans, members of that organization having determined to see that good cheer is given them. A. C. Sexton, commander of the Alabama division of the Sons of Veterans, is sending out a circular letter to all the camps calling attention to the determination to this effect, reached at the November reunion.

### Notice to Our Customers.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug Law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

### Bankhead Undergoes Operation.

Birmingham, Ala., Dec. 24.—A telephone message from Ensley, a suburb, stated that United States Senator J. H. Bankhead, of Alabama, had to undergo a little operation, and that the same was performed by Dr. R. M. Cunningham, former lieutenant governor of Alabama, Friday afternoon. The patient was improving Saturday morning. There is no danger of the operation proving fatal.

### Charged with Murder.

New Orleans, La., Dec. 24.—John Brown, a negro, was brought to New Orleans Friday from Ponchatoula, La., where he was arrested during the night, charged with being the murderer of Mrs. Hans Nelson near Hammond, La. Mrs. Nelson's body was found riddled with shot. Suspicion pointed to Brown, who had quarreled with her over the ownership of a dog. Brown declares he is innocent.
